Brought to you by Fore Street For All CIC, supported by the GLA and LEAP

Hi! Merhaba! Witam! See tahay! from the Fore Street For All CIC team, and welcome to our Summer 2023 newsletter!

We've had a whirlwind of a year having put on 12 invigorating events on Fore Street since the Living Room Library re-opened in July last year. Rounding up the 12 months, we've got an upcoming Summer festival of delight in the form of North London Lates, coming to you on Saturday 15th July, in collaboration with Made by Tottenham. You won't want to miss this!

Fore Street For All CIC is an organisation delivering a community-led cultural programme to foster a night-time economy along Fore Street in Upper Edmonton.

We work with local businesses, creatives and residents to deliver monthly events that celebrate Upper Edmonton and its diverse cultures. Fore Street For All was formed through a collaboration between community group Residents of Edmonton Angel Community Together (REACT), local architects Fisher Cheng and Edmonton arts organisation Hive Curates.

Whilst Fore Street Living Room Library is our hub, we actively collaborate with other High Street venues and hope to continue to broaden this reach. Get in touch if you'd like to work with us for a future event or activity.

Get Involved!

Culture on our high street

Jenni Allen is a printmaker based at Hive Curates in Upper Edmonton. She makes limited edition screen-prints which are bold and abstract. Her work is shown nationally in group exhibitions, as well as on various online galleries and her own website.

She's worked with the council and various community organisations such as The Daughter's United for our Safety for Women event where she set up a temporary print studio for the participants to make their own screen-prints which were then exhibited in the event at the Living Room library. Working with Fore Street For All has pushed Jenni in her personal growth, enabling her to step out her comfort zone working with like-minded individuals and socially conscious groups.

Jenni would advise young, aspiring creatives to believe in themselves and find people that have the same interests and mindset.

As an artist, she likes working with community groups because it's meaningful and rewarding. It provides a deeper sense of purpose as she's discovering different ways of life and sharing skills with others.

"Look up free workshops at museums and galleries, speak to people and volunteer so you're in a setting where you can gain experience and contacts. It's a lot easier nowadays to put yourself out there on social media. It's good for exposure and to let people know you're available."

“I enjoyed that people have come in and interacted with new people, learnt about different cultures and food - had an overall positive impact on my wellbeing. All events have been inclusive to all communities, people seem to feel at ease when they are here.”

A man wearing a black hoodie, sunglasses, and a black cap is speaking into a microphone. He is standing in front of a large bookshelf filled with books. The scene is dimly lit with a purple hue. A wooden chair is visible to the left of the man.

“The events add life and culture to Fore Street and makes it so much better. Without Fore Street For All our street is just a road with so many gambling shops and high crime rates that no one wants to come to.”

Ana Sokağımızdaki Kültür

Jenni Allen, Upper Edmonton'daki Hive Curates merkezli bir matbaacıdır. Cesur ve soyut olan sınırlı sayıda ekran baskıları yapmaktadır. Çalışmaları ulusal düzeyde karma sergilerde, çeşitli çevrimiçi galerilerde ve kendi web sitesinde gösterilmektedir.

Kendisi, atılımcıların kendi serigrafi baskılarını yapmaları için geçici bir baskı stüdyosu kurduğu Safety for Women etkinliğimiz için konsey ve The Daughter's United gibi çeşitli toplum kuruluşlarıyla birlikte çalıştı. bunlar daha sonra Living Room library'deki etkinlikte sergilendi. Fore Street For All ile çalışmak, Jenni'yi kişisel gelişimine itti ve benzer düşüncelere sahip kişilerle ve sosyal açıdan bilinçli gruplarla çalışarak rahat alanından çıkmasını sağladı.

Jenni, genç ve hevesli yaratıcılara kendilerine inanmalarını ve aynı ilgi alanlarına ve zihniyete sahip insanları bulmalarını tavsiye ediyor.

Bir sanatçı olarak topluluk gruplarıyla çalışmayı seviyor çünkü bu onun için anlamlı ve ödüllendirici. Farklı yaşam biçimlerini keşfederken ve becerilerini başkalarıyla paylaşırken daha derin bir amaç duygusu sağlamaktadır.

“Müzelerde ve galerilerde ücretsiz atölyeler arayın, insanlarla konuşun ve gönüllü olun, böylece deneyim ve bağlantılar kazanabileceğiniz bir ortamdasınız. Bugünlerde kendinizi sosyal medyada öne çıkarmak çok daha kolay. Maruz kalma ve insanların müsait olduğunuzu bilmelerini sağlamak için iyidir.”

Hi! Merhaba! Witam! See tahay! from the Fore Street For All CIC team, and welcome to our Summer 2023 newsletter!

Od czasu ponownego otwarcia Living Room Library w lipcu zeszłego roku mieliśmy burzliwy okres, który wypełniliśmy organizacją 12 inspirujących wydarzeń przy Fore Street. Podsumowując ostatnie 12 miesięcy, organizujemy letni festiwal przyjemności w formie wydarzenia North London Lates, które odbędzie się w sobotę 15 lipca we współpracy z organizacją Made by Tottenham. Nie możesz tego przegapić!

Fore Street For All CIC to organizacja realizująca program kulturalny kierowany przez lokalną społeczność, mający na celu wspieranie działalności gospodarczej prowadzonej w godzinach późno wieczornych wzdłuż ulicy Fore Street w dzielnicy Upper Edmonton.

Współpracujemy z lokalnymi firmami, twórcami i mieszkańcami, aby organizować comiesięczne wydarzenia poświęcone dzielnicy Upper Edmonton i jej różnorodności kulturowej. Organizacja Fore Street For All powstała dzięki współpracy grupy społecznej Residents of Edmonton Angel Community Together (REACT) z pochodząca z dzielnicy Edmonton organizacją artystyczną Hive Curates, a także z miejscowymi architektami z firmy Fisher Cheng.

Choć naszym ośrodkiem jest Fore Street Living Room Library, to aktywnie współpracujemy z innymi miejscami na głównych ulicach i mamy nadzieję na dalsze poszerzanie naszego zasięgu współpracy. Skontaktuj się z nami, jeśli chcesz współpracować przy kolejnym naszym wydarzeniu lub przy organizacji zajęć w przyszłości.

Kultura na naszej High Street

Jenni Allen jest artystką-grafikiem związaną z organizacją Hive Curates w dzielnicy Upper Edmonton. Artystka wykonuje sitodruki w odważnych i abstrakcyjnych limitowanych edycjach. Jej prace prezentowane są na wystawach zbiorowych w całym kraju, a także w różnych galeriach internetowych i na jej własnej stronie internetowej.

Współpracowała z radą dzielnicy i różnymi organizacjami społecznymi, takimi jak The Daughter's United przy naszym wydarzeniu Safety for Women, podczas którego założyła tymczasowe studio drukarskie, gdzie uczestnicy mogli wykonywać własne sitodruki, które następnie były wystawiane podczas imprezy w bibliotece Living Room library. Praca z organizacją Fore Street For All popchnęła Jenni do rozwoju osobistego, umożliwiając jej wyjście ze strefy komfortu dzięki współpracy z podobnie myślącymi osobami i grupami świadomymi społecznie.

Jenni radziłaby młodym, aspirującym twórcom, aby uwierzyli w siebie i poszukali osób, które mają identyczne zainteresowania i sposób myślenia.

Jako artystka lubi pracować z grupami społecznymi, ponieważ taka praca ma znaczenie i przynosi satysfakcję. Daje głębsze poczucie celu, ponieważ pozwala odkrywać różne sposoby na życie i umożliwia dzielenie się umiejętnościami z innymi.

„Szukaj bezpłatnych warsztatów w muzeach i galeriach, rozmawiaj z ludźmi i zgłaszaj się jako wolontariusz, aby znaleźć się w miejscu, w którym możesz zdobyć doświadczenie i kontakty. W dzisiejszych czasach dużo łatwiej jest pokazać się w mediach społecznościowych. To dobry sposób na zwiększenie rozpoznawalności i poinformowania ludzi, że jest się osobą dostępną”.

La shaqaynta Fore Street For All waxay ku riixday Jenni koboceeda shakhsi ahaaneed, taasoo u sahlaya inay ka baxdo aaggeeda raaxada ee la shaqaynaysa shakhsiyadka isku fikirka ah iyo kooxaha bulshada miyirka qaba.

Jenni waxay kula talin lahayd dhalinyarada, hamiga hal-abuurka inay rumaystaan naftooda oo ay helaan dad isku dan iyo maan leh.

Farshaxannimo ahaan, waxay jeceshahay la shaqaynta kooxaha bulshada sababtoo ah waa wax macno leh oo faa'iido leh. Waxay siisaa dareen qoto dheer oo ujeedo ah markay ogaanayso habab nololeed oo kala duwan iyo la wadaagida xirfadaha kuwa kale.

“Ka raadi aqoon-is-weydaarsiyo lacag-la'aan ah matxafyada iyo goobaha sawirada, la hadal dadka oo iskaa wax u qabso ah si aad u joogto goob aad khibrad iyo xiriir ka heli karto. Aad ayey u fududahay maalmahan inaad naftaada geliso baraha bulshada. Way u fiican tahay soo-gaadhista iyo in dadka la ogeysiyo inaad diyaar tahay.”

Closing out with... Dejani and Charlie

Seventeen year old Dejani has always lived in Upper Edmonton and is eager to make a positive impact on his community through his creativity. He has been participating in the Curate Enfield project which is run by Enfield Council to introduce young creatives to the process of commissioning public artworks for the borough. As part of this project Dejani created a mural for local muralists 34 Bus near Middlesex Hospital, which sparked his passion for origami, which led him to deliver his first ever origami workshop at our Connecting Fore Street event in May.

Now, Dejani conducts origami workshops to teach members of the community how to develop this skill.

“It’s important to give back to the community you’ve been raised in to create a better future for the next generation. It’s crucial to encourage young people to explore their talents and develop new skills. With such a supportive community, there are endless possibilities for personal growth and making a difference.”

Charlie Richardson has been living in Edmonton by Fore Street his whole life. At the age of 84, he has first-hand observed and experienced all the changes in the local area.

He has been in the Greengrocer business from a young age. After losing both parents in the war, he was taken care of by his aunt and eventually worked full time from the age of 25 at the vegetable stall in the 1960s.

“It was a different world back then where people used to travel from all over the borough to shop along Fore street. There was an M & S which people would queue outside of to get their quality groceries, as well as a Woolworths which disappeared from the 90s onwards.”

Charlie now works from Tuesday to Saturday. He loves his work and keeps it up nowadays mainly for the social aspect; it keeps him going and lets him meet lots of interesting people.

The biggest change he has noticed is the overall culture as the area used to be predominantly English and Irish. Charlie has observed that in the 1970s, a large Jamaican community moved in, with the last 10 years seeing a growth in the Muslim community. Charlie enjoys sharing his stories of Edmonton with the wide range of communities who call Upper Edmonton home.
